Dues Notice and Directory Information Questionnaire

Please Choose One Option.

- Option #1 I do not want any information about me, or my steam vehicles to appear in the SACA directory.
- Option #2 I would like my personal information; name, address, phone #, and steam area interests to be listed in the directory, but not any information about the steam vehicles that I own.
- Option #3 I would like all of the information that I am going to put down on this form listed in the directory so that other SACA members will be able to communicate with me about our mutual steam interests.

The Directory will be composed of information from this form and is available to all SACA members (according to your option listed above) and none of it is given to non- SACA members. The purpose of the Directory is to encourage communication and the exchange of knowledge and experience among our members. This is the greatest value of membership in the club.
